Forecast for Wednesday 14 Oct 2020

Weather: Extensive low cloud will affect the area through much of the day with the odd shower possible. This cloud may break up a little during the afternoon to allow some brighter breaks. Breaking up more widely into the evening to allow some clear spells. Northeasterly winds easing through the day.

Chance of cloud free mountain/hill tops above 800m: Low through most of the day but increasing slightly into the afternoon, high during the evening.

Visibility: Poor on hill tops for much off the day, moderate or good at lower levels.
